Happy New Year!

As you are aware the last year and a half has brought many challenges for all. Colleges were forced to rethink in-person instruction and move to an entirely online platform for some time. This change along with challenges outside of school brought some uncertainty to the lives of college student across the nation. To help with these challenges the Federal Government passed the Cares Act which included funding to colleges to provide emergency grants to students. Congress passed the American Rescue Plan early this year that allocated additional money for emergency grants to students. Enclosed in this letter is a check from that grant which you completed the application for.

As you continue your education here at Rosedale please do not hesitate to reach out to the staff if you have any concerns or needs as we move through this challenging time.

Hope you have a wonderful Fall!
